

# Momma & Joey Kangaroo coloring

This page can be used in two different ways.

1. Coloring page only- use crayons, markers, whatever you like to color in the momma and baby kangaroo
2. As a cut and paste. Color the kangaroos and the pocket shape. Then, cut out the pocket and baby kangaroo. Glue the pocket to the mother kangaroo's belly – but only glue the sides and the bottom. Don't glue the top of the pocket – that way you can tuck the baby in the pocket.
